VIRGINIANS PRAISE WILSON'S MESSAGE

Senators and Representatives in Hearty Accord.

VOICE APPRECIATION

All Believe that President and Secretary Will Shortly Bring Situation to Satisfactory End.

Washington, Aug. 28.—The Virginian delegation in Washington, both senators and representatives voiced their unanimous approval of President Wilson's course in regard to the situation in Mexico as set forth in message he read to Congress yesterday.

They emphatically endorsed his sentiments in favor of strict neutrality towards Mexico, the prohibition of shipments of all arms to the contending forces and a continuance of the policy of "hands off." All are of the opinion that President Wilson and Secretary Bryan, with both houses of congress and the citizens of the United States firmly backing up their policy, will shortly bring the situation to a conclusion satisfactory to both the people of the United States and the sober-minded people of Mexico.

"I believe President Wilson is dealing earnestly, ably and patriotically with the Mexican situation," said Senator Martin, "and the citizens of our country will stand firmly back of him. I am heartily in accord with the president in his policy towards Mexico as explained in his message to congress today. He is entirely within his province in the steps he has taken thus far, which I believe has been well advised."

Senator Swanson, who, as a member of the State foreign affairs committee has been in consultation with President Wilson in regard to his policy towards President Huerta, was much pleased with the address, "As a member of the senate foreign affairs committee, which called at the White House a few nights ago and discussed with the president the Mexican situation, I have all along been thoroughly in accord with the way in which he is dealing with the situation," said Senator Swanson.

"I concur fully with him in the steps he has taken and the program he has mapepd out. He is right in preventing the shipment of arms to Mexico for use by either of the warring factions. I fully agree with him that nothing has occurred up to this time to cause this country to intervene by force of arms. President Wilson and Secretary Bryan are to be commended for the wise manner in which they have handled this situation, and I believe with both houses of congress firmly back of them they will work the situation out to a conclusion satisfactory both to the United States and Mexico."

Congressman Flood, chairman of the house foreign affairs committee, and the other Virginia congressmen expressed sentiments regarding the president's message in line with those of the senators, and said the situation is one which calls for patience, tolerance and clear judgment.

NEWS OF THE DAY.

A broken wing of his hydroaeroplane and a fall of 100 feet into the water yesterday stopped Harry Hawker, the aeronaut who set out to circle the British Isles in 72 hours, near Portarine, 4 miles from the station at Dublin. Coast guards who fished the men from the water took them to the coast guard station for treatment. Hawker himself escaped with a few cuts and bruises, but his mechanician had suffered a broken arm and was hurt about the head.

It became known yesterday that Mrs. Effie Tuttle Foster, daughter of Lucius Tuttle, former president of the Boston and Main railroad, was married last month to David B. Brown, her chauffeur. According to the report the ceremony was performed in Tremont Temple by Rev. More than 100,000 pounds of meat and eggs which have been in cold storage houses of Philadelphia since 1906 were condemned yesterday by agents of the State Dairy and Food Commission and warrants were issued for the arrest of the dealers responsible for the "unfit" products. In addition 40,000 pounds of game which was stored in 1911, was tagged as unfit for food. Under the new cold storage act, which went into effect August 14, there is a penalty of $500 or imprisonment, or both, for storing beef more than four months; veal, three months; butter and fish, nine months; fowls (drawn), five months, undrawn, ten months.

James Comeaux, a negro, was lynched by a mob in Jennings, La., early yesterday. He was taken from the cell in the jail some time after midnight, shot to death and his body left lying at the jail door, where it was found later by a night watchman. Comeaux had been arrested for assaulting A. W. Joseph, an Italian merchant, who had accidentally swept dirt on the negroe's shoes while he was passing the Italian's store. Two of Joseph's relatives have been arrested in connection with the lynching.

President and Mrs. Wilson last night received word from their summer home in Cornish, N. H. that Miss Jessie Wilson, their daughter, who is engaged to be married this fall, had met with an accident. She fell from her horse while riding. At the White House it was said that assurances had been received that Miss Wilson was not injured and that the accident was trivial.

The other passengers were more or less injured.

FIRE BREAKS OUT ON THE IMPERATOR

Panic in Steerage Prevented by Prompt Action Of Crew.

ONE MAN LOSES LIFE.

Great Excitement on Hoboken N. J., River Front—Fire Boats and Tugs Subdue Flames.

Hoboken, N. J., Aug. 28.—With great clouds of smoke rolling from every porthole, the giant liner Imperator was on fire at her deck here for hours early today. Second Officer Gobracht lost his life in an attempt to press through the suffocating smoke to reach the provision room in the stern, in which the blaze started. Seaman Otto Stumpf was dragged out half dead after attempting to rescue Gobracht, but was revived.

Although there were 1,131 steerage passengers aboard the liner, all were taken safely to the pier. A panic was threatened, but prompt action by the crew prevented serious trouble.

The entire Hoboken fire department, two New York fire boats, and two Hamburg-American tugs went to the aid of the burning liner. Fifteen streams of water were kept playing upon her and the magnificient stairways and palatial saloons of the liner were drenched and discolored by smoke and water. Fire Chief Dabin, of Hoboken, estimated that the damage would probably amount to $100,000, or $150,000. The blaze, although under control is still smouldering, and may break out anew unless carefully guarded.

Second Officer Gobracht lost his life when the men operating a pump serving him with oxygen became excited and left their work. Gobracht put on a fire helmet, connected with the pump, in an attempt to reach the room in which the fire started. The entire fire brigade descended as far as the F deck with him.

Then Gobracht began picking his way into the lower recesses of the boat. The men operating the pump shouted for him to come back, then panic-stricken as great clouds of smoke rolled up around them, they fled. When the Hoboken firemen went into the lower parts of the vessel they found Gocracht dead.

The fire was discovered about 4 a. m., but it was after 9 a. m., before the firemen were satisfied that it was entirely out.

The Imperator docked late yesterday with more than 3,000 passengers on board. She carried 763 first-cabin passengers. The cabin passengers numbered about 1,000.

TWO GRAVES FOR BABY.

Parents' Religious Differences Delay Burial.

Trenton, Aug. 28—With two graves open to receive the body of Justic McCoy, 18-months-old-son of Oyen McCoy, the funeral was held up nearly an hour yesterday while the father and mother engaged in a religious controversy. The parents are of different religions, and ever since the child's birth there have been disagreements as to which it should be brought up in. Upon its death the father ordered a grave dug in the cemetery connected with the church of which he was a member. The mother ordered that the body should be interred in a nonsectarian cemetery and had a grave prepared.

The undertaker was in a dilemma as to whom he should obey,neither the father nor mother seemed willing to give way. Finally, McCoy, wishing to avoid further delay, consented to his wife's plans and they were followed by the undertaker.

THAW SCORES A VICTORY.

Will Remain in Canada — Receives Ovation From Women.

Sherbrooke, Quebec, Aug. 28—Harry K. Thaw won three victories over the New York State authorities yesterday, and was locked last night in the Sherbrooke jail, immune, for the time being, from the Dominion immigration authorities, after having received an ovation from the townspeople of Sherbrooke that would have done honor to a prince of royal blood.

So riotous was the scene in the Superior Court, when, at the morning session, Judge Arthur Globensky refused to allow counsel representing New York State to be a party to the proceedings that the court subsequently warned the spectators that a repetition of the cheering, chair-climbing, handkerchief-waving and general hysteria would mean jail sentences for the demonstrants.

Speaking from the bench at the afternoon session he said that never in his experience as a member of the bar and of the bench had he been a witness to "such a disgraceful scene." It was carried out in the presence of the court attendants and armed Dominion police, who stood immobile while emotional women rushed towards Sanford White's slayer crying:

"Three cheers for Thaw; three cheers for the British flag. We will give you justice, Harry."

HIS DAUGHTER NEGRO'S WIFE.

Girl Disappeared From Cumberland Four Years Ago.

Cumberland, Md., Aug. 28.—When the mother of Mrs. Howard Baker, of Johnstown, Pa., got off the train at Johnstown, and found that her daughter, who disappeared from her home in Cumberland four years ago, had married a negro she fainted.

The girl left Cumberland when 16 years of age. Baker, according to the mother's story, had been employed by them and disappeared at the same time the girl left. Both eluded capture and married in Cincinnati. After living at St. Louis, Mo., and Washington, D. C., they moved to Johnstown, Pa., where the husband has been employed by a number of automobile companies. The mother refused to see the twin babies of her daughter and returned on an early train to her home here. The girl had written to her mother, but had said nothing of the negro husband.

EMPTY BARREL TURNS BOMB.

Boring Hole With Hot Iron Explodes Whisky Odor.

York, Pa., Aug. 28.—A whisky barrel, exploding like a bomb when a hole was burned through its head with a red-hot iron, caused the serious injury of Aaron Boyer, a York New Salem blacksmith. Boyer was preparing the barrel for use in vinegar making. It was air tight and it is supposed that the hot iron ignited the fumes of the liquor, causing the explosion.

CHILD INJURED IN RUNAWAY.

A horse attached to an oil wagon belonging to Ernest D. Vernon, who conducts a grocery store at 1021 Oronoco street, came near causing the death of three of Mr. Vernon's daughters, who were seated on the vehicle when the animal ran away this morning. As it was, only one of the children, the youngest, was injured, and the other two, through the efforts of George W. Pettey, who was nearby, was saved from being hurt when the wagon collapsed.

Attorneys Keep Watch to Thwart Attempts at Kidnapping.

JEROME IS IN QUEBEC.

Makes Appeal to Sir Lomar Gouin, That Yesterday's Proceedings Were Partial.

Sherbrooke, Quebec, Aug. 28.—Harry K. Thaw is today under the constant guard of his attorneys, who are taking turns at watch. The admitted reason is the fear on the part of Thaw's counsel that an agreement may be made to kidnap him. Immigration officials and members of the Canadian secret police are much in evidence here today. A rumor is afloat that attorneys for New York state have received assurances that they will get their man if they will only be patient.

William Travers Jerome is in Quebec today trying to convince Sir Lomar Guoin, premier of the province of Quebec, that yesterday's court proceedings were partial. Guoin has the power to quash all charges against Thaw, and it is admitted that if he can be induced to take this step the immigration authorities will prevent further legal complications by escorting Thaw directly across the border.

VISITS MADE FUTILE.

Alleged Wholesale Infant Destruction in Philadelphia.

Philadelphia, Aug. 28.—The police have discovered a conspiracy they say, whereby two trained nurses and three physicians have rendered futile at least 1,000 visits a year that the stork has been paying Philadelphia. The plot, it is alleged, has been in operation for years and has netted one nurse alone $25,000 per annum, to say nothing of the fees alleged to have been exacted of the unfortunate mothers by the surgeons who are mixed up in the affair.

One of the alleged connivers at race suicide, a nurse, has been arrested, and it is asserted she has made a partial confession. One of the doctors involved in the charges is under observation by detectives, and others are being sought.

According to the police, the bodies of the infants disposed of were put into the sewers in summer and into furnaces in winter.

The arrest of the woman was brought about by the death of a young woman, daughter of a farmer near Selbyville, Md.

Stowaways Smoked Out.

San Francisco, Aug. 28.—Smoking 'em out is the latest method employed by the immigration officials for capturing Chinese stowaways. Sulphur fumes burned in the holds of the Pacific mail liner Nile were responsible for bringing three contraband Celestials from their hiding places aboard the steamer. The capture was effected by Special Agent Smith and Immigration Inspector Joe Strand, who had received a tip from a disgruntled member of the Chinese crew that the Nile had brought stowaways across the Pacific.

After a close search the ship failed to reveal the hidden Chinese. The official decided to burn a little sulphur to see if that would not bring them forth. All the members of the crew were lined up on deck and checked off, and then the sulphur pots were lighted. Presently the inspectors were rewarded.

Two of the Chinese poked their heads out of the ventilators to get a whiff of fresh air and were straightway nabbed. The third sought another hiding place under a settee and was punctured by a prod in the hands by one of the customs searching squad.

MEXICO'S COMING MAN.

Special Envoy Lind Declares Mexico Will Find Man of Hour.

Vera Cruz, via Galveston, Texas, Aug. 28.—"When the colonies needed a man and leader, George Washington arose and became the man of the hour and the Father of His Country. When, in the late fifties, another crisis arose, Abraham Lincoln seemed given by God to raise the country above the crisis. France had its Napoleon, Mexico its Jaurez and its porfirio Diaz—men who led the people out of the wilderness.

"I believe that Divine Providence always gives a country the men most needed at the time most needed, and when it would seem that no man could be found.

"So I think it will be with Mexico. There may not be a man in sight, but when the time comes and that man is sorely needed the Divine Providence, which shapes the destinies of nations, will give Mexico the leader it needs.

"JOHN LIND."

KILLED BY A TRAIN.

Body Found Some Distance From the Track Bably Crushed.

Charoltte, N. C., Aug. 28.—Andy Berryhill was found dead upon the tracks of the Southern Railroad, in North Charlotte Monday morning about 2:30 o'clock. He was thought to have been killed by a Southern train No. 43, though it is also possible that No. 35 struck him. He was found at some distance from the track on the engineers' side and being badly crushed on the right side and shoulder, it was evident that he had been struck by a train going south.

Mr. Berryhill's horse and wagon were found on the Salisbury road some distance from the scene of the accident and the theory is that the animal wandered off after being left by his owner. There is absolutely no way of knowing why Mr. Berryhill was upon the track, though it is thought he sat down to rest on the end of a cross-tie and went to sleep, and the engineer failing to see him struck him and killed him. There is no suspicion of foul play, for the manner in which he was struck showed that Mr. Berryhill was in a sitting posture when struck. His shoulder, was crushed to a pulp and his entire side knocked in.

Pays Sister-in-Law's Debts.

London, Aug. 28.—Recently it came to Queen Mary's knowledge that her sister-in-law, Princess Alexander, of Teck, was being sharply pressed by tradespeople, including her modiste, for payment of long outstanding accounts. In one instance the princess actually was threatened, through a lawyer, with proceedings.

This vexed Quee n Mary greatly, and she insisted on the princess giving her a list of all trade debts, afterward advancing her $15,000 to pay them up.

Elopes at Eighty-Five.

New York, Aug. 28.—Eloping to Painesville, O., at the age of 85, with the sweetheart he had wooed constantly in Thomasville, Ga., George W. Horton, of White Plains, N. Y., has been declared by his daughter to be of unsound mind.

Justice Mills has appointed a commission to test the venerable bridegroom's sanity and ability to handle his estate, which is said to be worth about $40,000. The daughter, Mrs. Jane Ann Dickle, of White Plains, said her father married Mrs. Alice Muzy McCastine in Windsor, Can., last August. The marriage was kept from Mrs. Dickie until this summer.

HUERTA MAKES CONCESSIONS

Asks That Situation Remain Unchanged Until After Election.

WANTS RECOGNITION.

Withdraws Request—Lind Fails to Confirm Report That Peace Terms Have Been Accepted.

Washington, Aug. 28.—President Huerta today made concessions in his stand against the American mediation plan. Special Envoy Lind cabled that the de facto President had withdrawn his request, made in the original note rejecting the Wilson proposals, of an exchange of ambassadors, and in effect had requested that the entire situation be allowed to remain in status quo until after the Presidential election in Mexico in October.

Huerta's concession was officially announced today. The digest made by Special Envoy Lind of the latest Huerta note was made public in substance. Lind did not confirm reports that Huerta had accepted the peace plan entire. He stated that he would remain in Mexico indefinitely.

The significant clause in Lind's dispatch stated:

"That the request for exchange of ambassadors is withdrawn, but it is hoped that present embassies continue in personnel until after the October elections."

A wily move by Huerta to secure recognition of his status as the actual Provisional President was scouted by Lind. The special envoy says that Huerta covertly asked for the diplomatic move which would recognize him as the "Constitutional Provisional President."

He suggests Lind stated, that by requesting him not to be a candidate for the Presidency, this Government has recognized the legality of his provisional status under the Mexican constitution. This is denied by the Administration here. No such interpretation of this Government's representations is possible, officials asserted today.

The new request made by Huerta in effect reopens negotiations upon the minor counter proposals of Huerta. No definite reply will be made by President Wison through Lind until the full text to Huerta's note is received.

Acting under instructions from the State Department, Nelson O'Shaughnessy, charge of the American embassy in Mexico City, is taking vigorous steps this morning to round up Americans in Mexico and persaude them to leave the country.

DEER OUTRUNS LOCOMOTIVE.

Chase of 500 Yards Thrills Mountain Express Riders.

Stroudsburg, Pa., Aug. 28.—A race between a large buck deer and an express train occurred yesterday on the Delaware Valley Railroad, which runs between this place and Bushkill. A big buck jumped upon the track near Bushkill and was pursued by the train for a distance of 500 yards before it took to the woods. The deer easily retained its position a short distance in front of the engine and was in no danger of being struck.

SIX MONTHS ON ROADS

Vagabond and Thieving Negro Will Serve on Public Highway Force

Several months ago Scott Butler, colored, informed the police that a negro named Henry Saunders had entered a house occupied by the complainant and attired himself from his wardrobe. Butler alleged that Saunders had taken a pair of pantaloons which cost him $4.50 and a shirt valued at fifty cents.

Saunders managed to elude the police until last night when he was found asleep under an ark in the northeastern section of the city.

He was sentenced to serve six months on the road.

The workhouse and jail are generally full of indolent and improvident persons of both races as they are often arrested for misdemeanors and when fines are imposed they are unable to pay the same. Such can be put to work for the state. When able-bodied men, who refuse to labor and often violate state or city laws are brought before the court six months' toil with pick or shovel might bring about different conditions in their lives.

ENFORCING HEALTH LAW.

Negro Charged With Placing Dead Dogs in Sewer Fined Five Dollars.

Edward Lee, colored, was before the Police Court this morning to answer the charge of placing two dead dogs in the Oronoco street sewer. The canines had been drowned by Lee and a small colored boy named James Douglas, and later placed in the sewer. Lee, fearing the consequences, subsequently removed the carcases. He was fined $5 and his companion, too young to be amenable to the law, was dismissed.

Dr. Gorman, Health Officer, who appeared as complainant, stated that dead dogs and cats are often cast into the public streets, and he announced his purpose to bring all offenders before the Police Court if identified. The police will vie with the health officer in this work.

GIRL PREFERS CHARGE.

Richmond Merchant Arrested on Complaint of Miss Florence Williams.

Richmond, Aug. 28.—Staggering with weakness and laboring under great excitement, Miss Florence Williams, twenty-two years old, who makes her home with her brother on Lower Hull street, Tuesday afternoon met Patrolman Baughan and between sobs told him that she had been lured into the back room of a Hull street grocery store by the merchant and that an attack had been made upon here. She begged the officer for protection, saying that she had recently moved to town from the country and did not know what she ought to do.

The patrolman advised her to swear out a warrant. This was done, and the merchant, R. E. Dalton, forty-two years old, of Oak Grove, who runs a grocery store at Fifth and Hull streets, was arrested and locked up in the Third Police station.

Yesterday, on petition of his counsel, Hiram Smith, the case against Dalton was continued until Saturday. Dalton was released on $1,000 bail.

Miss Williams, according to the story she told the police, has for several days been making small cash purchases at Dalton's store. On Tuesday she asked the privilege of a small bill. Dalton, she says, asked her to accompany him to a back room in order, as he said, that the proper entry might be made on the ledger.

This room, the girl says, proved to be a bedroom. She declares that he locked the door and embraced her. She tried to release herself and fought with her utmost strength to repulse advances. After keeping her a prisoner an hour, according to the girl's statement, Dalton released her.

Dalton, according to the police, admits that he carried the girl into the room. He denies, however, that he attacked her. He says he carried her to the room to enter her name on the credit ledger.

C. & O. CLERKS ON STRIKE.

Company Dismissed Six Men Who Were Members of Union.

Newport News, Va., Aug. 28.—Because six workers were dismissed Tuesday when they refused to give a promise to withdraw from the Clerks' Union, half of the clerks employed at the local terminal of the Chesapeake and Ohio Railway Company refused yesterday to go back to work. Officials of the union predict that today two-thirds of the clerks will be out and that before the end of the week practically all of the clerks will be on strike, unless the officials of the road recede from their position.

J. F. Riley, vice-president of the Brotherhood of Railway Clerks, who is in the city and who addressed a public meeting of the clerks Tuesday night, says that the action of the company in dismissing the six clerks here simply because they were members of the union may result in a strike of clerks all over the system.

HOTEL BURNS.

Wytheville Hostelry Totally Destroyed by Mysterious Fire.

Wytheville, Va., Aug. 28.—Fire which for some time threatened the destruction of the business section of Wytheville Tuesday morning destroyed the old Otey Hotel, the brick store occupied by J. C. Bailey and other property.

The burned property was located in Main street. The hotel was of frame and brick construction. The brick section was insured for $3,000, while the frame portion was insured for $2,250. Mr. Bailey's stock of goods was insured for $500 and the store for $1,000. Nearly all the contents of the store were saved. The total amount of insurance carried on the burned property was $9,000.

The origin of the fire, which was discovered about midnight in the Otey hotel, is a mystery. Many of the guests went to the Fourth avenue hotels and other places. No one is reported injured as a result of the fire.

ATTEMPTS TO KILL FAMILY.

Hampton Doctor, While Drunk, Terrorizes Family.

Hampton, Va., Aug. 28.—Dr. H. B. Teagle, a practicing physician of this city, attempted to kill his wife and nine-year-old son last night while in a drunken frenzy, and gave battle to two big policemen who had to club him into insensibility to subdue him.

Teagle, who had been ordered out of Hampton by Mayor Jones, came home drunk and went to bed. An hour later he sprung up and seized his wife by the throat, and nearly strangled her to death, but she succeeded in breaking away and telephoning the police. In the meantime Teagle started choking his boy. When the three men struggled in the small upper hallway, Teagle fell downstairs and sustaining severe cuts and bruises, but was up again and continued the fight until he was clubbed into submission.

In his frenzy, Teagle tore down the electric fixtures in his home. He has been in police court several times recently for beating his wife. Up to a few months ago he had a good practice.

Virginia Firemen.

During the morning session Capt. R. C. Marshall proposed a plan for a firemen's relief association for the benefit of the families of firemen who lose their lives while on duty. A committee was appointed on this subject to report at the next annual meeting.

Resolutions on the death of members were submitted by companies from Danville, Roanoke, Portsmouth, Suffolk, Wythe District, Lexington and River View.

PRAISE FOR WILSON'S MESSAGE.

The comments published today from many of the leading men of the United States indicate that the position taken by President Wilson in his message on Mexico yesterday has their hearty endorsement. From the moment the President concluded his remarks there was applause from Democrats and Republicans alike which indicated that the President was supported unanimously by all parties. It was evident that on the Mexican question he was not the Democratic president but the president of the entire country. Senator O'Gorman, of New York, expressed this thought when he so finely stated: "In our internal relations partisanship stops at the border. The Republican Senators are as enthusiastic in their support of the President as are the Democrats. The utterance of the President was the voice of the American people."

In another section of the Gazette is published the views of the Virginia delegation which supports the President unanimously.

The Gazette has no desire to take a stand at variance with the great leaders throughout the country and recognizes that President Wilson has had the opportunity to make a thorough investigation of conditions and speaks with the fullest knowledge of the Mexican situation. But it will take more than an academic discussion to make us change our views on the following propositions:

1. That Mexico cannot achieve a peaceful solution of its difficulties, without the assistance of some foreign power which will be compelled to use force to bring an end to the disorders which are found in every section of the country.

2. That a number of years must elapse before there can be any such thing as a free and impartial election as President Wilson demands of both factions, and then such elections must be supervised by outside parties, naturally some foreign power.

3. That the advice to Americans to leave Mexico is beneath the dignity of the United States and is impossible of being carried out. No matter how serious conditions become several thousand Americans who are now living there will continue to remain.

4. That there can be no permanent peace in Mexico except under any one of the following conditions: (a) the establishment of a protectorate by the United States, or some other power, such as was done in the case of Cuba; (b) the development of a great leader like Porfirio Diaz who would establish a dictatorship similar to the one under which he ruled Mexico for more than 30 years. (c) the settlement of the economic questions of Mexico, such as the division of the great landed estates and the education of the common people to a point where they can appreciate what a Republican form of government means.

Of course time alone will tell the correctness of our viewpoint. In the meanwhile we will stand by the President in every way possible, knowing that he has the best interests of the country at heart and he will do everything in his power to prevent war, save at the expense of our national honor.

SCENE SHIFTS TO NEW YORK.

"What we do to others, others will do to us."

The above is a Roman proverb as old as the Caesars, but its truth was apparent long before it was adopted by the ancients as it has been ever and anon throughout the history of the Christian era.

While Columbia, S. C., was being placed in ashes by northern soldiers, bells were rung in a Maine city over the event. But a short time after the close of the civil war the city which was enthused with patriotism while women and children were being rendered homeless was nearly obliterated by a conflagration.

During the carpetbag regime dual governments were in evidence in some southern states, the result of adventurers endeavoring to seize the reins of certain commonwealths. In South Carolina, not only was the State inflicted with two governors, but it had the additional incubus of a dual legislature. The illustrated papers of the seventies pictured the South Carolina Senate chamber with two lieutenant governors ruling over the deliberations of two sets of legislators. Dual clerks participated in the distracting work of calling rolls and registering votes under such circumstances.

About this time the Republican majority in Congress, in order to perpetuate such conditions, conceived the iniquitous force bill, to further humiliate the Southern people.

The noble work of Ben Hill, Wade Hampton and others, who have long since passed into the other world, finally broke the shackles and wrested the states they represented from carpetbag and negro rule and placed the people native and to the manner born in charge of their commonwealths.

While many years have passed since such scenes disgraced people born under the stars and stripes, it seems similar procedures in the same country have been reserved for the twentieth century, but the scene has changed, and New York, the people of which were non-interested spectators of the trials and tribulations of the southern country while passing through the dark valley of humiliation, is now beset with similar conditions while two men are attempting to occupy the gubernatorial chair. While there are no glistening bayonets in evidence in this embroglio, the tension produced by such conflict of authority augurs evil, and there is no telling what will eventually result from the unfortunate conditions which now prevail in the great Empire State.

During the past twenty-four hours this unfortunate state of affairs has been further complicated. Martin H. Glynn was officially recognized as acting governor of New York by the legislature last night, when there were received and accepted from him three special messages.

A muddled political situation which New York City already faced has been further complicated with the authorized declaration from Mayor Gaynor that he would run for reelection on an independent ticket. New York thus finds itself with three Democrats as candidates for mayor.

M. Rosenfeld will leave for New York city this week to stay about ten days, making purchases of new goods for his fall trade.

The annual meeting of the stockholders of the Union Building Company, for the election of officers and directors for the ensuing year and for such other business as may properly come before the meeting, will be held at the office of the company, 123 South Royal street, Alexandria, Va., on Monday, September 15th, 1913, at 11 o'clock A. M.

Diarrhoea Quickly Cured.

"I was taken with diarrhoea and Mr. Yorks, the merchant here, persuaded me to try a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After taking one dose of it I was cured. It also cured others that I gave it to," writes M. E. Gebhart, Oriola, Pa., that is not at all unusual. An ordinary attack of diarrhoea can almost invariably be cured by one or two doses of this remedy. It is one of the most successful preparations that has been discovered. Thousands have testified to its value. For sale by all dealers.

VIRGINIA'S SHARE.

Old Dominion Will Get $1,450,000 of Federal Funds.

Washington, Aug. 26.— Secretary McAdoo has announced the apportionment as far as it has been completed of the $50,000,000 to be deposited by the government in National banks of the West and South to facilitate the movement of marketing of crops. The total amount allotted to date is $46,500,000 of which $21,800,000 goes to banks in the thirteen Southern States and the District of Columbia, and $24,700,000 to the fourteen Western States.

The Southern banks have asked that their share of the funds be deposited in August and September and these in the west want the money apportioned to them during September, October and November. The money will be allowed to remain on deposit on an average of four or five months. All of it is not returned not later than next April and the Southern bankers who get their money first, in December, will begin turning it back into the treasury in monthly instalments.

Virginia will get $1,450,000, deposited as follows: Lynchburg, A. S. White Norfolk; Walter H. Taylor; Richmond; E. L. Bemiss, Roanoke.

IDLE MAN ATTEMPTS MURDER.

Shoots His Wife When She Insists That He Go To Work.

Philadelphia, Pa., Aug. 28.—Angered by his wife's insistent demand that he go to work, John Brown shot and seriously wounded her Tuesday night in their home, No. 845 East Hilton Street. While his three daughters crouched in terror under a table, Brown fired two shots at his wife, one of them going wild and the other striking her in the shoulder.

Shrieking in terror, Mrs. Brown ran out the back door, dashing to the house of a neighbor, where she collapsed. She was taken to the Episcopal Hospital in a serious condition.

Brown ran out of the front door waving his revolver as he ran. Policemen Walker and Stanley heard the shots and saw the man running away. They gave chase and closed in upon him, although he threatened them with his gun. He was locked up.

According to the police, Brown refused to work, his wife and oldest daughter supporting the family by working in a mill. He had nightly fights with his wife, who upbraided him because of his idleness. Several times he threatened to kill her if she spoke to him on the subject.

POLICE END DEMONSTRATION.

When I. W. W. Workers Surround Baltimore Factory.

Baltimore, Md., Aug. 28.—A demonstration by the Industrial Workers of the World started in front of the factory of Schloss Bros. & Co., Baltimore and Paca streets, yesterday was but short-lived owing to the arrival of the police. The I. W. W. men who went to the factory are making an effort to get those employed there to go on strike. They contend that the members of the firm have kept them waiting too long before an effort to adjust matters is made. But the I. W. W. people at work in the factory do not seem willing to leave their employment.

Shortly before noon yesterday a large crowd of industrial workers who believe those who belong to their organization should leave the Schloss firm appeared before the large building. They blew whistles and raised other noises which attracted some of the workers to the windows. They then tried to persuade those still at work to leave and join them. But they were unusccessful.

The crowd was there only a few minutes when the firm notified the police of the Western District. Capt. Charles M. Cole hurriedly summoned a large squad of his subordinates and took them to the factory. The crowds saw them coming, and when the bluecoats arrived every one of them had left. Capt. Cole told the few that he could get hold of that the police would take a hand in any trouble that might occur at the factory.

At the noon hour, when many of the employes left the factory for their lunch, some of them were approached by the industrial workers, but they refused to leave their work.

AUTO IN FATAL DIVE.

One Killed and Two Seriously Injured in Plunge.

Greensburg, Pa., Aug. 28. — One killed and two seriously injured was the result of automobile wreck which occurred yesterday afternoon at a point on the Pittsburgh and Philadelphia pike near the Kingston reservoir, seven miles from here. The party was on its way home from the picnic of the employes of the Pitcairn shops at Idlewild Park. It it thought that a defective steering gear caused the accident.

The car plunged over a 50-foot embankment into the Loyal Hanna Creek, where the water is about 20 feet deep.

Calvin B. Bowers, aged 36, of Pitcairn, was instantly killed by being struck on the head by the car. R. Williamson, aged 35, of Pitcairn, owner of the car, has a shoulder blade broken and was badly contused. Homer Jae, of Pitcairn, sustained a broken thigh and suffered internal injuries. His condition is quite serious.

Cobbler Worrying How to Get Into Home Left a Fortune.

Allentown, Pa., Aug. 28.—Working daily for many years at the bench in his cobbler shop in this city and able to earn only a scant living, Carl W. Gossner, a shoemaker, was overjoyed yesterday when he received a letter informing him that he had fallen heir to half the $20,000 estate of his brother, Wilhelm who died recently in Germany.

Gossner immediately left for Philadelphia, to consult the German consul, and expects the money in a few weeks. His sister, who lives in Switzerland, shares in his estate.

Gossner was working to save $100 to enter an old folks' home, but that will now be unnecessary.

GIRL'S JAW LOCKS.

Screams With Mouth Wide Open, Scaring Others in Factory.

Camden, N. J., Aug. 28. —Jennie Ochinpa, twenty, laughed so hard at jokes the other girls in the cigar factory where she works were telling that her jaws became locked and the 200 employes were near a panic when she began to scream with her mouth wide open.

A hurry call to the Cooper Hospital brought the ambulance, and that again unnerved some of the other girls, who, with difficulty, were restrained from jumping out of the windws.

At the hospital surgeons etherized the girl and reset her dislocated jaw. Then she was taken to her home.

Some of the factory girls were so upset they had to stop work for the day.

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea, and other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by all druggists.
